

# My role in travel safety

We all play a part in keeping communities safe when travelling. Reflecting on your personal contributions towards safety ultimately leads to safer travel environments for everyone.

## 1. My safety contribution reflection

In the spaces below, draw three ways you can personally contribute to safety. Below your drawings, write down why each contribution is important for your safety and the safety of others.

I always wear my helmet when cycling. This is important because it protects my head in case of a fall and sets a good example for younger tamariki.

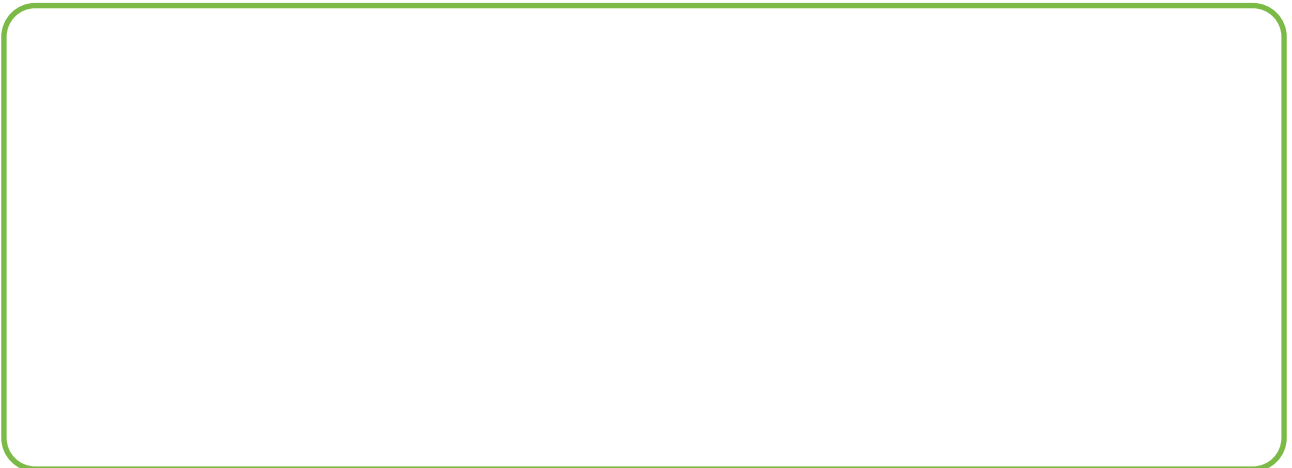

## 2. Safety scenario brainstorm

Read each scenario below. Write or draw one way you could contribute to safety in each situation.

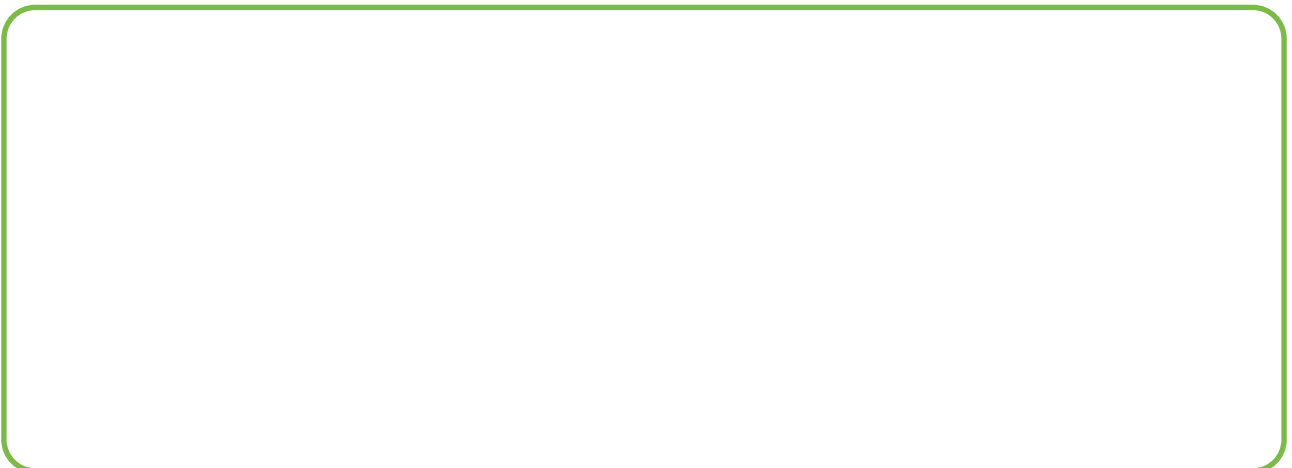

Scenario 1: Walking to school with friends

Scenario 2: Cycling on a busy road

Scenario 3: Waiting for the bus at the bus stop

Of all the ways you've learnt to stay safe when travelling, what is the most important to you and why?

Kia haumarū! What is my role in travel safety, not just for myself, but also for others?
